Professional Summary

Information Technology graduate with hands-on experience in **Java, OOP, SQL, JDBC, Servlets, JSP, Spring, HTML, CSS, JavaScript, Python, and Data Analysis**. Currently undergoing **Java Full Stack Development training**, with practical knowledge of Core Java, Collections, Exception Handling, Multithreading, JDBC, database connectivity and web development.

Skills

Programming: Java, Python, SQL, C

Core Java: OOP, Classes & Objects, Inheritance, Polymorphism, Abstraction, Encapsulation, Exception Handling, Collections, Multithreading, File Handling

Web Technologies: JDBC, Servlets, JSP, HTML, CSS, JavaScript, DOM, Bootstrap

SQL Skills: Joins, Aggregate Functions, Subqueries, Views, Stored Procedures, Functions, Indexes

Data Analysis: Data Analysis, Data Cleaning, Exploratory Data Analysis (EDA), ETL, Data Visualization

Databases: MySQL, PL/SQL, PostgreSQL

Tools: Eclipse, Git, GitHub, Jupyter Notebook, VS Code, PgAdmin, Wampp

Soft Skills: Analytical Thinking, Communication, Teamwork, Adaptability, Time Management

Education

Bachelor of Technology – Information Technology

Savitribai Phule Pune University, Pune

2021-2025

8.27/10

Class XII

YC College of Science, Karad

2021

88%

Internship

Software Engineer Trainee

June 2026 – Present

Cravita Technologies India Pvt. Ltd

- Work with C, Core Java programming
- Currently undergoing hands-on training in **Java Full Stack Development**.
- Developed strong understanding of **Core Java and Object-Oriented Programming concepts**.
- Practiced **Collections, Exception Handling, Multithreading, File Handling, and Java I/O**.
- Worked with **SQL/MySQL, JDBC, HTML, CSS, JavaScript, DOM, Bootstrap, Servlets, and JSP**.
- Practiced database connectivity and CRUD operations using **JDBC and SQL**.

Python Programming and Data Analysis

Feb 2024 - Mar 2024

BIT Electronics System

- Analyzed datasets using Python, Pandas, NumPy, and Excel to identify trends and generate actionable insights
- Performed data cleaning, preprocessing, and exploratory data analysis on real-world datasets
- Created reports and visualizations to support data-driven decision-making
- Applied statistical analysis techniques to improve data quality and reliability

Projects

Automatic Subjective Answer Evaluation System - Python, NLP, Streamlit, SQLite

github.com/Chavan-Vaishnavi/Subjective-Answer-Evaluation-Using-AI

- Developed an NLP-based answer evaluation system using Python, Streamlit, and SQLite
- Utilized Sentence Transformers to generate semantic embeddings for student and reference answers
- Applied cosine similarity techniques for automated answer scoring and semantic matching
- Implemented text preprocessing and embedding-based evaluation workflows to improve assessment quality
- Reduced manual evaluation effort and achieved approximately 88% evaluation accuracy compared to traditional assessment methods

CityCare Hospital – Java Web Application- Java, JSP, JDBC, PostgreSQL, HTML, CSS, JavaScript

- Developing a database-driven hospital management web application using JSP, JDBC, and PostgreSQL.
- Implemented modules for Patient Registration, Patient Login, Appointment Booking, Doctor Registration, Doctor Login, and Reception Management.
- Implemented database operations using JDBC and PreparedStatement.
- Designed CRUD operations for patient, doctor, and appointment data.

Certifications & Training

- Microsoft Certified: Azure AI Fundamentals (AI-900)
- Microsoft Certified: Azure AI Vision Fundamentals
- Full Stack Development Program – Fortune Cloud Technologies, Pune (Ongoing)
- Python Programming and Data Analysis Internship – BIT Electronics System (2024)

Achievements

- Secured Runner-up position in a National Level Project Presentation Competition
- Developed multiple Machine Learning and Data Analytics projects using real-world datasets
- Achieved approximately 88% evaluation accuracy in the NLP-based Subjective Answer Evaluation System
- Successfully completed internship training in Python Programming, Data Analysis, and Software Development

Languages

- English
- Marathi
- Hindi
